

EUROMEDICA
GENERAL CLINIC OF RHODES

EUROMEDICA GENERAL CLINIC OF RHODES DIALYSIS CENTER

THE ISLAND OF RHODES

Rhodes is one of the most popular and highly visited Greek islands. Its unlimited sites and attractions constitute Rhodes as an all-year destination. Some of the well-known sights of the island are the medieval old town with the cobblestoned street of the Knights (classified in the UNESCO list of world heritage cities), the Valley of the Butterflies, Mandraki Harbour, Rodini Park as well as the nearby island of Symi. Rhodes is the perfect holiday destination, with a blend of traditional and modern, suitable for all ages.

ABOUT THE CLINIC

Euromedica General Clinic of Rhodes began its operation in November 2006, in brand new, high tech and fully equipped facilities, covering an area of 12.500sq.m. in the Municipality of Koskinou in Rhodes. It is strategically located as it is approximately 15 minutes' drive from the town of Rhodes, the main port and the airport. The clinic is part of Euromedica Group, one of the largest health providers in Greece with a wide network of primary and secondary healthcare facilities. It is also a member of the Greek Health Tourism Council, ELITOUR.

THE DIALYSIS CENTER

The Dialysis Center is a state-of-the-art medical facility that operates in modern premises welcoming patients all year round and from all over the world. The Center is located within the Clinic but has a separate entrance for extra privacy.

The Center is equipped with the latest generation of Baxter (Gambro) Artis Physio devices, providing high-quality hemodialysis services, HD & on-line HDF, while it provides special treatment for patients with Hepatitis or HIV. The water quality is safeguarded through a modern network of reverse osmosis. Special filters and thorough checks of the system ensure the superb cleanliness of the water.

OUR STAFF

Specialized and highly trained medical personnel monitor all sessions, securing not only the flawless operation of the Center but also the hygiene conditions. The team is always available to assist patients before and during their arrival making their treatment as comfortable as possible.

TRANSPORTATION

Upon request, transportation service is available and must be booked in advance. Transportation is charged separately from the Dialysis service.
